

Hundreds of ways to SAVE!

To help State of Missouri employees stretch their household income, the Office of Administration entered into an agreement with the WeSave Employee Discount Program in May 2010. Now in its second year, the program is based around the WeSave website where state employees go to find the discounts they want. Employees who elect to participate in this **FREE** program have opportunities to save money on direct-buy goods and services they purchase.

Shop and Earn WeCash

Browse WeSave's merchant directory where you will find hundreds of online merchants offering WeCash on every purchase. WeCash is stored in each member's WeSave Account and can be used toward future WeSave purchases on direct buy products.

WeSave increases the ability of employees to save money on items family members need or want. These savings may translate into more investment dollars for savings accounts, education or retirement funds.

WeSave provides state employees:

Direct Buy Products

Employees can browse WeSave's direct buy products for savings up to **40%** off retail value.

Local Merchant Coupons

Employees can print coupons to redeem savings at local businesses that include area restaurants, auto service centers and more.

Opportunities for Charitable Giving

Employees save money while **GIVING BACK!** WeSave donates **2%** of every purchase made back to the Missouri State Employees Charitable Campaign.
